# SSS MANUFACTURING

Fabricated Structural Steel

SSS Manufacturing is a structural steel fabrication business with a difference.

We operate a facility that is fully automated all the way from ordering through to fabrication and delivery.

This enables us to provide the highest quality fabricated structural steel at very competitive rates.

**“** *Very short lead time service available on request* **”**

## SSS FABRICATION SYSTEM

### FABRICATION CELL

- 8 Axis Robotic High Definition Plasma Cutting System
- 9 Axis Welding Robot

### CAPACITIES

- RHS 50mm - 400mm+
- Angle 50mm - 200mm+
- WB's up to 700WB173
- UB's up to 610UB125
- UC's up to 310UC158
- CHS up to 610CHS12
- Length 2M - 20M
- Weight up to 5T
